

SHOKAN'S FIRST

COLORING BOOK

Welcome to the Magical Coloring World!

Hello, little artist!

You're holding a very special coloring book filled with happy animals,
fun fruits, and friendly characters.

Each picture is waiting for your colors to bring it to life!
Grab your crayons, markers, or paints - and let's begin the
adventure!

This book was made just for toddlers (ages 1 and up) to help build
creativity, vocabulary, and fine motor skills.

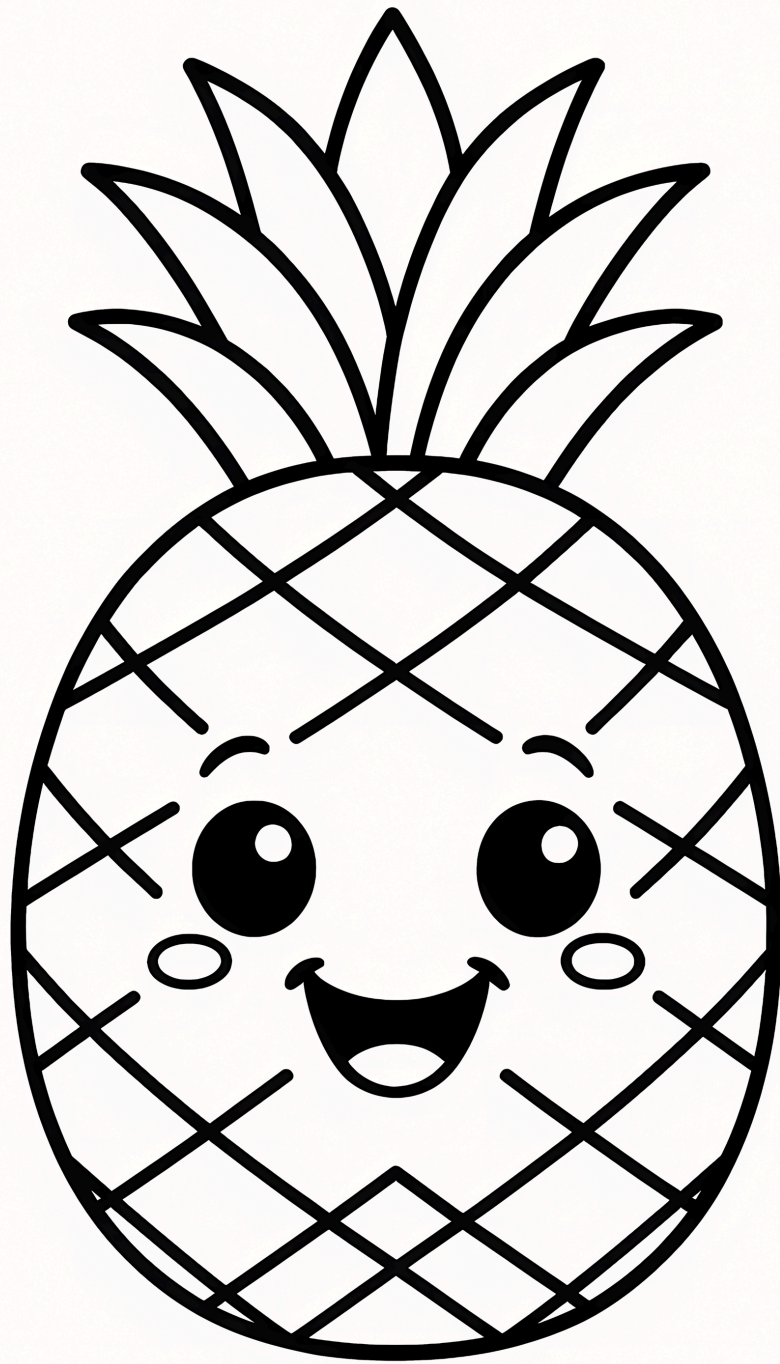

You can color with mom, dad, grandparents, or siblings - it's always
more fun together!

Ready? Turn the page and let's start coloring!

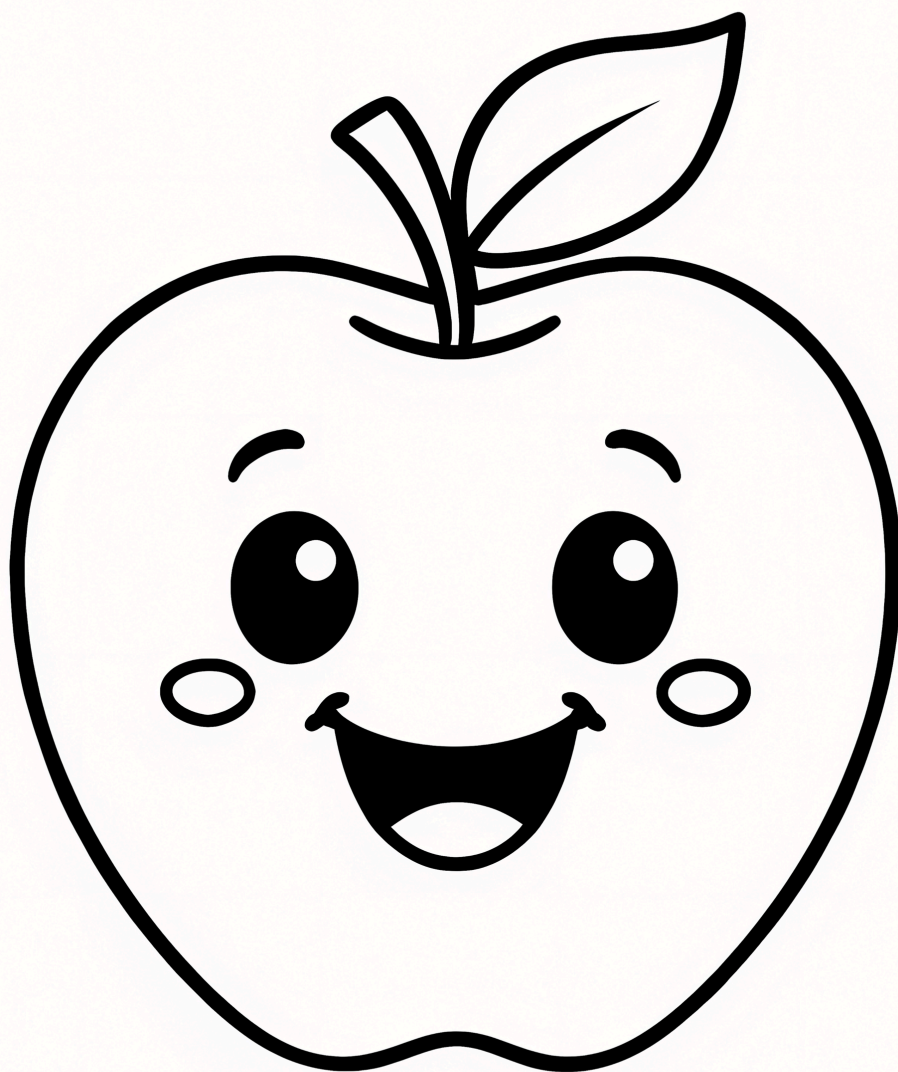

With love,
